## Validity

**Validity:** Nine factors were considered in determining the validity of the information in this report. If a concern with validity is indicated, the cause may be identified by number below:

1. Too few adjectives were selected - the data is undependable.
2. Too many adjectives were selected - the data is undependable.
3. Few adjectives were selected - the data may be undependable, unless the selected adjectives are confirmed.
4. Many adjectives were selected - the data may be undependable, unless the selected adjectives are confirmed.
5. An erratic or unusual pattern of adjective selection, possibly an attempt to falsify responses, - the data may be undependable unless the selected adjectives are confirmed.
6. Probable random answering.
7. Potential random answering.
8. Potentially too positive.
9. Potentially too negative.

## Introduction

Six virtues and 24 positive traits, character strengths, which are distributed among them have been defined by Peterson and Seligman (Character Strengths and Virtues, American Psychological Association and Oxford University Press, 2004). They state that the virtues are (1) universal, (2) consistently found throughout history, (3) commonly valued by moral philosophers and religious thinkers, and are core characteristics defined by character strengths. These virtues are:

The character strengths and virtues presented in this report are based on the measurement provided by the Adjective Check List and the BeMIS interpretations for the virtues and strengths described by Peterson and Seligman.

# CSV Report

## Profile

## CSV Report

# Wisdom and Knowledge

Cognitive strengths for acquiring, sharing, and utilizing knowledge.

His perception of his environment is probably similar to that of most other people, allowing him to interact as effectively as do most people. He is about as interested as are most people in activities that require intellectual or cognitive abilities. He tends to act independently of others' social values and expectations about as often as do most people. He is similar to most people in his reaction to challenges, the seeking of novel experiences, and the avoidance of routine. He probably seeks as much sympathy, affection, and emotional support from others as do most people. He is as likely to seek subordinate roles in relationships and to delay his personal gratification, as are most people. He is as self-satisfied and comfortable with himself as are most people. His interest in being original or thinking and acting differently from the norm is like that of most others. He is as judgmental, easily angered, skeptical, counteractive, and irritated by interference or obstacles as are most people. He tends to seek as much adventure and activity, while remaining sophisticated and relaxed, as do most people. Thus, he may equally experience conflicting interests and underachievement. He is probably as strong-willed, original in thought and perception, aesthetically sensitive, and indifferent to convention as are most people. He tends to be as unpretentious, forbearing, forthright, and respectful of rules, as are most people. He is as analytical, logical, astute, and intellectually capable, as are most people.

## Creativity

The ability to do and think differently from the norm and a sense of personal worth or harmony with a talent for originality.

He is as self-satisfied and comfortable with himself as are most people. His interest in being original or thinking and acting differently from the norm is like that of most others. He is as judgmental, easily angered, skeptical, counteractive, and irritated by interference or obstacles as are most people.

## Curiosity

The ability to think imaginatively, to bring new ideas and tangible products into being, to modify one's environment in accordance with aesthetic criteria, to picture the world of the past and the world of the future, and to discern the underlying elements of order in disorder, harmony in disharmony, and even sense in nonsense.

He tends to seek as much adventure and activity, while remaining sophisticated and relaxed, as do most people. Thus, he may equally experience conflicting interests and underachievement. He is probably as strong-willed, original in thought and perception, aesthetically sensitive, and indifferent to convention as are most people. He tends to be as unpretentious, forbearing, forthright, and respectful of rules, as are most people. He is as analytical, logical, astute, and intellectually capable, as are most people.

## Open-Mindedness

The ability to think abstractly, to detect logical relationships, and to apply general principles to the solution of specific problems. An "internal" focus where cognition, logic, reason, and introspection are emphasized.

He tends to seek as much adventure and activity, while remaining sophisticated and relaxed, as do most people. Thus, he may equally experience conflicting interests and underachievement. He is probably as strong-willed, original in thought and perception, aesthetically sensitive, and indifferent

to convention as are most people. He tends to be as unpretentious, forbearing, forthright, and respectful of rules, as are most people. He is as analytical, logical, astute, and intellectually capable, as are most people.

### Love of Learning

Autonomous, independent and self-directed tendencies demonstrated through nonconforming, even rebellious, behavior, but accompanied by attempts to understand the 'why' of things and a tolerant acceptance of the behaviors of others.

He is about as interested as are most people in activities that require intellectual or cognitive abilities. He tends to act independently of others' social values and expectations about as often as do most people. He is similar to most people in his reaction to challenges, the seeking of novel experiences, and the avoidance of routine. He is as likely to seek subordinate roles in relationships and to delay his personal gratification, as are most people. His interest in being original or thinking and acting differently from the norm is like that of most others. He is as judgmental, easily angered, skeptical, counteractive, and irritated by interference or obstacles as are most people. He is probably as strong-willed, original in thought and perception, aesthetically sensitive, and indifferent to convention as are most people.

### Perspective

The ability to provide advice and counsel based on an (1) accurate perception of the environment, (2) emphasis on rationality and analysis over feelings and emotions, and (3) considerate but straight forward, candid interactions.

His perception of his environment is probably similar to that of most other people, allowing him to interact as effectively as do most people. He probably seeks as much sympathy, affection, and emotional support from others as do most people. He is as analytical, logical, astute, and intellectually capable, as are most people.

# CSV Report

---

## Courage

Emotional strengths for attaining gratification despite difficulties or opposition from others.

He is as likely as most people to be expressive and eager to explore the world around him. He may vacillate between pessimism and optimism, but tend to be accepting of himself and others. He is as likely to be hard working, goal directed, and determined to do well as are most people. His motivation to succeed may lie less in competitive drives than in a need to live up to his own criteria. He is about as likely to persist in the completion of a time-consuming task or responsibility as are most people. Concerns with neatness, organization, or the planning of his activities are similar to those of most people. His interest in seeking the company of his peers and to experience emotional satisfaction from interpersonal and erotic interactions with them is about like that of most others. He probably seeks as much sympathy, affection, and emotional support from others as do most people. The amount of self-confident, poised and self-assured behavior he may demonstrate is about like that of others. No more impatient to get the things he values than are most people, he is as likely to stress action, visible rewards, and self-gratification about as often as they do. He is about as likely to demonstrate helpfulness, sympathy, and affection, as are most others. He is as judgmental, easily angered, skeptical, counteractive, and irritated by interference or obstacles as are most people. About as reliable and diligent as are most people, he is as attentive to duties, the responsibilities of adulthood, and obligations as they. He may have as much difficulty setting aside the roles he learned in childhood as do most people. This may be demonstrated through the same amount of independence and uncertainty about how to cope with the demands of life that they show. He is as analytical, logical, astute, and intellectually capable, as are most people.

## Bravery

(The potential for:) Self-assured action to attain gratification despite obstacles, opposition, or risk.

He may be timid and fearful, tending to give up easily and withdraw. He may have difficulty mobilizing his resources and taking action. Basically fatalistic about personal misfortune or adversity, he may be vulnerable to others' aggression. He may willingly substitute daydreams and fantasies for more direct experience.

## Persistence

Resourceful, resolute, and productive behavior in which power and intellectual ability are used for the completion of goal-oriented tasks.

He is as likely to be hard working, goal directed, and determined to do well as are most people. His motivation to succeed may lie less in competitive drives than in a need to live up to his own criteria. He is about as likely to persist in the completion of a time-consuming task or responsibility as are most people. Concerns with neatness, organization, or the planning of his activities are similar to those of most people. About as reliable and diligent as are most people, he is as attentive to duties, the responsibilities of adulthood, and obligations as they. He may have as much difficulty setting aside the roles he learned in childhood as do most people. This may be demonstrated through the same amount of independence and uncertainty about how to cope with the demands of life that they show. He is as analytical, logical, astute, and intellectually capable, as are most people.

## Integrity

Ethically consistent behavior based on clear-cut, internally consistent personal standards and values.
